Wedding Party Information Sheet

Your wedding day is one of the most important and memorable days in your life. Everything needs to be perfect. Designer's Denn Salon and Spa can help by customizing our services to fit your needs for your wedding day. You can worry about everything else; we'll take care of your hair, nails, skin, make-up and body care. We can attend to your entire wedding party to make sure your day is a dream come true.

Planning For The Wedding Day

To relieve stress and tension during your engagement, it is important to take care of yourself physically and mentally during this extremely busy time. Here are some suggestions for ultimate relaxation and skin preparation.

Radiance Facial

Revitalizing treatment for all skin types with hyper-pigmentation or sun damage utilizing AHA's and vitamin C, this targeted treatment revives the complexion offering a clear and radiant skin. A perfect choice for the environmentally damaged skin through its anti-aging and anti-free radical benefits. We recommend this facial and an eyebrow arch one week before wedding.

Sea Salt Glow

This exfoliation ritual invigorates and brings vitality to your entire body. After a light body brushing, hydrating sea salts and massage oil are blended together and massaged all over the body. Finish with a relaxing hydrotherapy massage leaving the skin deeply cleansed, polished and softened to perfection. Waxing or shaving should be done one day prior to service. We recommend this body treatment three to seven days before wedding.

Massage

Massage is great therapy for stress, headaches and deep sleep enhancement. In other words, a massage or even several massages preceding your wedding are going to benefit your health, and decrease stress levels. We also have a couples massage for the wedding couple to enjoy simultaneously.

Hair Color Artistry

Our salon staff specializes in advanced and corrective color techniques. We frequently attend advanced training in New York, learning the most current techniques of corrective color, tone-on-tone, low ammonia color products and color enhancing shampoos. All formulas and development times are carefully recorded during each visit.

You will need a good six months prior to work with conditioning treatments and color to achieve the optimal length and perfect color & cut for your bridal look. Also, we recommend getting a fresh color done the week of your wedding.

Waxing

The non-ending battle of hair growth is over. Waxing treatments slow and weaken hair growth, which result in silky, smooth skin for approximately three to six weeks. Waxing is available for anywhere unwanted hair exists. We recommend for the cleanest wax three days before your big day.

Manicure and Pedicures

The ultimate treatment for your hands and feet, Designer's Denn Salon & Spa has designed a Bridal Spa Manicure and Pedicure using therapeutic ingredients from deep within the earth and sea for your every need. We use a special blend of rose petals to not only stimulate you but also your senses to get you in the romantic mood. We recommend you & your bridal party getting manicures and pedicures the day before.

Pre-Wedding Hair and Make-up Sessions

Please schedule a reservation with one of our stylists for a wedding consultation about your wedding needs. This visit will provide help to you from our professional stylists or make-up artists to select the perfect hairstyle and make-up look that will enhance your personal style. Please feel free to bring in any photos or share any thoughts that you would like your stylist to try. We recommend a run-through two weeks before with stylist and make-up artist. Bring your mother if she is going to be using Designer's Denn Salon & Spa for her run-through.
